1. [redacted] Comment. The present information confirms the location of the ammunition depot of the GOFG at Pfaffendorf, [redacted] also called Wilmersdorf or Lamitsch installation, until late May 1954. The 16 cars dispatched to Frankfurt/Oder on 1 May probably carried empty shells and containers. [redacted] 25X1 25X1 25X1 25X1

2. [redacted] Comment. A large ammunition depot of the GOFG is located at Kapen. The depot serves large ammunition depots of the GOFG and the individual armies; the volume of traffic reported was normal. The shipment to Frankfurt/Oder probably consisted of empty shells and containers which were returned to the USSR. [redacted] 25X1 25X1 25X1
